

We Need You!

The Prairie State Railroad Club encourages anyone who has an interest in 7-1/2" gauge model railroading to join.

We are a "**Family Oriented Club**", and we "**Welcome Everybody**" out at our track. If you are willing to learn our hobby, we are willing to teach you, and you **do not** have to own your own equipment, to be part of our organization. We will teach you how to do track work, from building it, to laying it down on the ground, and maintaining it, to running all the different engines the members have, as long as you are willing too learn, we are willing too teach you.

Interested in Joining?

Ask about our Memberships we have available.
